

# Platinum Member Requirements

As of November 1, 2023

Join ICSA and Maintain  
Membership in Good Standing

Log onto [www.safecarriers.org](http://www.safecarriers.org) to join ICSA and set up member profile. Maintain “good standing” status which includes no delinquent dues or other financial obligations.

Install and Activate  
Event Recorders

Members must install forward facing event recorders (from an approved vendor), assign drivers to each, utilize these recorders and authorize ICSA safety consultants to access video events.

Arrange Hair Drug Tests for All  
Current and Future Drivers

Contact ICSA’s endorsed testing service - TADTS - to schedule initial hair tests for current drivers to be taken within 90 days of joining; hair test all new driver hires prior to dispatching.

Fleets Must Adopt Zero Tolerance  
Drug & Alcohol Policy

Carriers with more than one power unit adopt ICSA’s model drug and alcohol policy or similar “zero tolerance” policy upon becoming a member.

Limit Speeds on Power Units to No  
More Than 68 mph

Members that join after July 1, 2023, must electronically limit speeds of power units to no more than 68 miles per hour. Current members are asked to voluntarily adopt this requirement.

Share Electronic Logging Device  
(ELD) Data with ICSA

Allow ICSA to access ELD data for each power unit so that safety consultants can utilize the information in reviewing the carrier’s safety profile; ICSA will collect a small monthly telematics fee to facilitate ELD data collection. *\*For the current member, this change will take affect at the insurance renewal date*

**Members who fail to meet all requirements within the time allotted are in violation of Membership Terms & Conditions and will not qualify for continued insurance coverage under ICSA’s Risk Purchase Group.**
